

## POOLSIDE BASKETBALL HOOPS

# BASKETBALL HOOPS

Water basketball is a fun and engaging way to encourage your customers to spend more time at your pool and play solo or with teams. We have several models to fit different levels of recreation.

All of our basketball hoops can be customized to mount directly to the deck if necessary. Clear backboards are standard, but there are customized heavy duty Bison backboards available. Your poolside basketball hoop can also be mounted to concrete pylons, walls, or anything your facility needs to maximize space and play.

The Jamma! and Slamma! basketball hoops are available with up to 10' rim height and offer various setback levels to provide you with the right poolside basketball hoop for your facility. All of the frames are constructed of 304L Stainless Steel to minimize corrosion and provide you with a poolside feature that will last for years to come.
