

Lifeguard Chairs & Platforms

LIFEGUARD CHAIRS

Spectrum Aquatics® offers a full line of portable and permanent lifeguard chairs engineered for performance, safety, and style. Available in a range of heights and configurations, each chair is designed to meet the unique safety requirements of indoor and outdoor commercial aquatic facilities. From compact, space-saving models to elevated observation platforms, Spectrum Aquatics® lifeguard chairs deliver exceptional visibility, comfort, and lasting stainless-steel durability—because every watch deserves the best view.

Features:

- Non-slip footboards, platforms and ladder treads
- UV-protected guard seats
- Stainless steel components passivated and protected by SPECTRA-SHIELD® to provide a uniform and highly corrosion-resistant finish
- Rescue tube holder and umbrella mounting brackets included
- Movable lifeguard chairs include wheels for ease of transport
- Tubing comes standard with 1.9" OD with .065" wall thickness and 304L for extra strength and stability

36546 - 6' MARSHALL

HILGARD

The Spectrum Aquatics Hilgard 5' Moveable Lifeguard Chair offers exceptional versatility, visibility, and strength in a portable design. Standing 5 feet tall, the Hilgard provides lifeguards with an optimal vantage point for clear surveillance across pools of any size, ensuring maximum safety and control. Built from premium stainless steel, it delivers unmatched durability and corrosion resistance, making it ideal for both indoor and outdoor aquatic environments.

20121 - 5' HILGARD

OBSERVATION STATION

At 42" tall, the observation platform provides lifeguards with a commanding view of the entire pool area, thereby improving safety, response times, and confidence on deck. Constructed from high-quality stainless steel, the Observation Station offers exceptional strength, corrosion resistance, and long-lasting durability, making it ideal for both indoor and outdoor aquatic facilities.

40923 - 42" OBSERVATION STATION

MOVABLE LIFEGUARD CHAIRS

MENDOTA

Constructed from high-density polyethylene (HDPE) with integrated colorants and UV inhibitors, the Mendota chairs are built to withstand the harsh effects of sun, water, and heavy use. This durable material is resistant to rotting, splintering, and cracking, ensuring years of reliable performance with minimal maintenance. It is an excellent alternative to traditional wood furniture.

The variety of available heights and dual-step options makes it suitable for pools of all sizes, from community recreation centers to professional aquatic facilities.

- Shipped with minimal assembly required (80% factory assembled)
- Resistant to corrosive substances, oil, insects, fungi, salt spray, rust and other environmental stresses
- 316L stainless steel hardware for maximum corrosion resistance
- Will not rot, splinter, or crack
- Does not absorb moisture
- Optional Ballast System provides extra stability
- Includes wheel kit and cup and umbrella holders
