LIFEGUARD CHAIRS

Mendota Lifeguard Chairs are constructed from high-density polyethylene (HDPE) with integrated colorants and UV inhibitors. They are built to withstand sun, water, and heavy use without rotting, splintering, or cracking. This low-maintenance alternative to wood delivers long-lasting performance, while multiple height and dual-step options ensure the right fit for any facility, from community pools to professional aquatic venues.

- Shipped with minimal assembly required (80% factory assembled)
- Resistant to corrosive substances, oil, insects, fungi, salt spray, rust, and other environmental stresses
- 316L stainless steel hardware for maximum corrosion resistance
- Will not rot, splinter, or crack
- Does not absorb moisture
- Optional Ballast System provides extra stability
- Includes wheel kit, cup, and umbrella holders
