

ADA Compliant Pool Lifts

POOL LIFTS & ASSISTED ACCESS

Enabling equal access to aquatic facilities has always been a goal of Spectrum Aquatics®. We were proud to release our first aquatic lift in 1974 and after decades of refinement and technological advancement, we now offer over 20 different pool lift options. Choose between manually-powered, battery-powered and water-powered lifts – all with proprietary, robust operating systems. Our lifts offer ease of transfer while maintaining an open deck area. Spectrum Aquatics' lifts deliver optimal performance and withstand harsh aquatic environments — indoors and out.

ADA Compliance Overview

In 2010, the Federal Government approved into law the 2010 ADA Standards, requiring all commercial pools and spas to have an ADA-approved means of access by March 15, 2012. Compliance was later extended until January 31, 2013 and requires pools to install a ramp or a pool lift. A lift from Spectrum Aquatics® can help you easily achieve compliance.

WHAT MAKES A POOL LIFT COMPLIANT?

Required Lift Features:

- 300 lbs minimum weight capacity Capable of unassisted operation from deck and water
- Solid seat at least 16" wide
- Armrests are optional (*except in California*), but if included must be removable or fold clear of the seat
- Footrest (*not required with lifts used in spas*)
- Capable of lowering the seat to a minimum depth of 18" below the stationary water level

Lift Location Specifications:

- Located in less than 48" of water (unless entire pool depth is greater than 48") Seat centerline location must be a minimum of 16" from the edge of the pool in raised position
- Open deck space minimum of 36" wide that extends forward a minimum of 48" from a line located 12" behind the rear of the seat located on opposite side of the seat from the water
- Must be level, with a slope no greater than 1:48 (2%) in all directions

Lift Operation Specifications:

- Seat Height - Lift should allow for a stop between 16" and 19" above the top of the deck when in the raised position.
- The controls and operating mechanisms should be unobstructed when the lift is in use.
- Operation of the lift should not require tight grasping, pinching or twisting of the wrists to operate.

NEW! ERGONOMIC POOL LIFT SEAT

Support You Can Rely On. Every Lift, Every Time.

The Ergonomic Pool Chair Lift Seat combines cutting-edge ergonomic design with enhanced safety features, providing individuals with mobility challenges a secure and comfortable pool experience. Featuring built-in handholds for extra support and draining channels for faster drying and improved hygiene, it ensures a worry-free, accessible solution for both private and commercial pools. Backed by ADA compliance, our lift seat enhances usability, safety, and durability, making it the perfect choice for everyone.

- **Ergonomic Comfort:** The ergonomic design ensures maximum comfort and reduces pressure points during use.
- **Safety First:** Integrated handholds provide extra support for easy and secure transfers.
- **Hygienic & Durable:** Draining channels prevent water pooling, reducing the risk of slipping and promoting faster drying.
- **ADA-Compliant:** Fully ADA-compliant, meeting industry standards for accessibility and safety.
- **Quality:** Made of rotomolded LDPE (low-density polyethylene) material that repels water, is resistant to pool chemicals, and is highly impact-resistant, and flexible, allowing it to withstand constant use, bending, and pressure without cracking or breaking.

"I like this lift seat very much. Many features of the design contribute to better ergonomics. With this lift, I can make the transfer to and from my wheelchair independently, and I appreciate that so much."

Lori M. of Missoula, MT

BATTERY POWERED ADA POOL LIFTS

Engineered for simplicity, durability, and value, the Aqua Buddy® V2 remains the trusted, budget-friendly ADA-compliant lift for aquatic centers, hotels, and community pools everywhere. With durable stainless steel construction, quiet battery-powered operation, and features that prioritize comfort and accessibility, the newly redesigned Aqua Buddy is the only choice for your pool.

The Newly Redesigned Aqua Buddy® V2. Smarter. Stronger. Without Compromise.

- Now UL Listed, the Aqua Buddy® V2 meets rigorous national safety standards, giving facilities and users confidence in every lift.
- With an increased water draft, the Aqua Buddy adapts to a wider variety of pools, including those with deeper gutters or unique deck profiles.
- Thanks to field-reversible seat direction, it installs with unmatched flexibility, adapting on site to your deck layout without additional parts or modifications.
- The Ergonomic Seat enhances both comfort and hygiene with a contoured shape that provides superior lumbar and lateral support, encourages proper posture, and reduces pressure points during transfers.

AQUA Buddy® V2

- 350 lb weight capacity
- Ergonomic Seat comes standard
- Powder-coated white stainless steel construction
- Field reversible seat direction
- Spacious seat with excellent lumbar support designed for ease of transfer
- Accommodates setback of 9" - 23" from centerline of anchor, and a maximum water draft of 15"

Includes:

- 5-year structural warranty, 2-year electronics warranty
- 24 volt battery and charger
- Concrete anchor system
- Dual flip up armrests

WATER POWERED ADA POOL LIFTS

Our water powered ADA pool lifts are built to last the test of time. We are pleased to offer an extensive selection of water powered lifts to help you in designing your pool for compliance and inclusion. Each of our lifts have been designed with the end users and pool and spa facility owners in mind. Water powered lifts eliminate the need to recharge batteries, and have very few parts that are subject to daily wear and tear. We look forward to helping you find the right lift for your facility each and every time.

Water powered ADA pool lifts feature:

- Stainless steel construction (electropolished 304L or 316L grade)
- Coated with Spectra Shield® for maximum corrosion protection
- Quiet and stable operation
- Weight capacities up to 600lbs

GALLATIN WP 400 POOL & SPA

- 400lb weight capacity at 55 PSI
- Self-operable from the deck and the water
- Electropolished stainless steel - 304L grade
- Spacious seat with excellent lumbar support; designed for ease of transfer
- Accommodates setback of 18" to 30" and water draft up to 12"
- Easy to install, even into existing concrete decks
- Pool & spa application
- Padded headrest
- Flip-up footrest

27336 - GALLATIN WP 400

"Knowing that a facility offers a hydraulic, water powered chair lift gives me immediate peace of mind. The reliability of the lift means I know I won't be left stranded then trying to exit the pool."

William Botten, Senior Accessibility Specialist for the U.S. Access
Board Specializing in Recreational Facilities, Retired

SPECTRUM AQUATICS® STANDARD TERMS & CONDITIONS OF SALE

Terms of Sale: Standard payment terms for customers that are registered businesses within the United States and Canada and meet the company's credit criteria are net 30 days from invoice date, unless otherwise agreed upon by Spectrum Aquatics®. If the customer fails to pay within payment terms, the company reserves the right to defer shipments until payment has been made and has the option to cancel all or any part of an unshipped order. A 1.5% per month finance charge may be imposed on all past due accounts. Customers within the United States or Canada, without a credit history, may purchase products and pay with check by mail or charge the purchase of products to a credit/debit card (Visa, MasterCard or American Express). Any checks or electronic debit authorization that are returned for any reason will be charged a \$30 non-sufficient fee.

To establish a credit account with Spectrum Aquatics®, the customer must be within the United States or Canada and must complete a credit application and thus, furnish such information as requested by Spectrum Aquatics®. Credit applications will not be accepted without a signature from an owner or appropriate company officer. Spectrum Aquatics® reserves the right in its absolute discretion to grant, refuse or discontinue any extensions of credit, or reduce or suspend any credit limit at any time.

Prices: Prices are F.O.B. factory and do not include freight charges. The possession of a price list or other pricing information does not constitute an offer or agreement to sell. Prices are subject to change without notice and are in US Dollars. Taxes, duties and other fees are the sole responsibility of the buyer. Prices shown do not include any federal, state, or local taxes and shall be billed as a separate item and paid by the Customer. Orders are accepted with the understanding that such taxes will be added, as required by law. Sales tax will be charged unless the customer has a valid sales tax resale or exemption certificate on file with Spectrum Aquatics®.

Price quotations for standard products are valid for 30-days. Price quotations for custom products and commercial projects are valid for 60-days. Price quotations for custom design or special items are subject to change predicated on the information provided by the sellers at the time of quotation, as opposed to the definitive information presented at the time of order entry, engineering or fabrication.

Customer Orders: Order placement requires a hard copy purchase order or signed copy of a quotation. If purchase order is verbal, with no hard copy (purchase order or signed quotation) confirmation, seller will not assume responsibility for errors related to, but not limited to, date of shipment, destination of shipment, items shipped or quantity of items shipped. Order must be shippable within 90-days of placement to hold original pricing. Purchase orders originating outside the United States and Canada require prepayment or an irrevocable letter of credit at time of order entry.

Order Cancellation: Orders for standard cataloged products, if canceled within 24 hours, will be assessed a \$200.00 cancellation fee. The seller must receive order cancellation in writing. Once, accepted, orders can only be canceled after 24 hours with the consent of Spectrum Aquatics® and on terms which will indemnify Spectrum Aquatics® against loss. Canceled orders after 24 hours will be subject to a restocking fee. Custom equipment is non-cancellable.

Freight Procedure & Claims: The transfer of ownership from Spectrum Aquatics® occurs once the load is signed over to the freight company (FOB factory). The customer is responsible for all freight related costs, even those that may have not been disclosed as necessary to obtain the product at the time the order is placed, these can include but are not limited to: lift gates, limited access location charges, and construction zone deliveries.
