# Ready to turn your pool into the place everyone wants to be?

Meet AquaClimb®, the original aquatic climbing wall that makes “just another swim” feel like an adventure. It’s not just an add-on - it’s a magnet for excitement! Safe, splashy, and packed with thrills, AquaClimb is where courage, laughter, and a big cannonball finish come together.

## MODULAR AND CUSTOMIZABLE

AquaClimb’s height, width, and panel style can all be tailored to fit the size and design of your pool, with options for adding more panels at a later phase as your budget allows.

## TOP SAFETY RECORD

With best-in-class safety features to ensure climbers fall away from the wall, AquaClimb also has a proven performance history from 1,000 installations across the globe.

## EASY TO INSTALL

Because AquaClimb is pre-assembled in the factory, no specialized skills or equipment are required for onsite installation at your facility on any pool gutter configuration.

## CHALLENGING, REALISTIC CLIMBING

With 3D contoured panels, AquaClimb delivers a realistic rock-climbing experience that engages adolescents through adults to conquer the climb in different ways.

## ACTIVATES THE DEEP END

As a safer alternative or enhancement to diving boards, AquaClimb attracts tweens and teens to those under-utilized, deep areas of a pool.

## MINIMAL FOOTPRINT

AquaClimb’s small deck-mounted system saves clearance space and doesn’t interfere with normal lap swimming. And with no water source required, it is an easy amenity to add.

## AquaClimb®, Flat Panel Walls Krystal & Challenger

The gateway to adventure! With transparent panels (clear or blue), this entry-level wall is an instant crowd-pleaser. Easy to size to your pool and easy on your budget, it delivers big-time thrills without the big-time price tag.

## AquaClimb Luxe®

Want your pool to stand out? Luxe is built just for you—featuring custom colors to match your pool's aesthetics. It's bold, it's beautiful, and it's the kind of feature people remember (and talk about).

## AquaClimb 3D®

### Ice, Glacier, Jade, & Challenger Contour

3D panels bring real rock-climbing vibes to the pool. Choose translucent panels (Ice, Glacier, Jade) for safety-friendly visibility, or bold solid colors for serious wow factor. Tweens, teens, and adults? They'll be lining up!

**Alt** - Alternate configurations will have the top row of handholds plugged for non-climbing terrain to meet pool depth requirements. **Important Safety**

**Note:** AquaClimb safety distances and pool depths are based upon a climber entering the water **feet first**. The AquaClimb was designed for a feet first entry at all times and supervision must be present when the AquaClimb is in use. To ensure the maximum level of safety, **there must be no diving at any time**.

"Our AquaClimb is spectacular. From the time we open the pool until the time we close, there is a line to make the climb. What an ingenious product and so much fun for the kids... and a few adults."

**Mark Tiernan**

General Manager at the Valley Country Club Centennial, CO

"We had a great first year with the AquaClimb. Kids were constantly lined up for it, and everyone had a blast. AquaClimb was a big reason we saw a 40% increase in attendance over the last year."
